## INTRODUCTION

# Language in Action

### Who are we?

Language in Action is an exciting language provider with an innovative approach to language learning. Our courses offer an opportunity to use newly learnt English language skills in real life English situations as well as gain Trinity GESE certification. We bring the English language classroom to life and the classroom to the English Language.

### Why choose us?

We offer high quality daily excursions and language classes that prepare for Trinity GESE examinations in spoken English as well as a rewarding cultural experience.

### What do we offer?

We offer English language study holidays for closed groups and individuals of high school students.

## TEAM

### Meet the Management Team

#### Commercial Director

**Jonathan Allan** has more than 14 years' experience in the educational travel sector in the UK and Brazil where he set up and successfully ran his own language school and has held several senior marketing positions in the UK for British council accredited language schools. Jonathan is responsible for the marketing and business strategy as well as overseeing all aspects of the company

#### Operations Director

**Emiliano Sallustri** is a native of Italy and has grown up with a strong connection to the summer language school business. He has a wide range of organisational experience in the travel language industry and most recently has been directly responsible for the operations staff and smooth running of our existing and new summer schools. As a Level 3 qualified Safeguarding Lead, he is also in charge of welfare and safeguarding.

#### Employee Manager

**Feliciana Cancia** is responsible for the recruitment and training of our summer staff and has several year's experience working with international educational travel. Her strong interpersonal skills make her ideal for forming effective working relationships across the organisation.

#### Welfare Manager

**Cinzia Boi** holds a Masters in Tourism and Intercultural Communication and she has been involved in the travel study industry for several years. She is responsible for the management and support of all welfare officers and ultimately responsible for the students' health and well being.

#### Academic Manager

**Samantha Tring** is a Cambridge DELTA-qualified manager, teacher trainer and teacher. She has over 9 years' teaching and training experience in New Zealand and the UK and provides professional development and support for both new and established EFL teachers. "Patience, understanding, knowledge and fun are my key to teaching and learning."

#### Academic Compliance Manager

**Victoria Kell** is responsible for the academic administration procedures across all summer centres as well as making sure that we stay compliant to industry standards and best practise. Victoria has been working in the EFL sector for more than 8 years as a teacher and in various managerial positions, in Italy and Spain.

#### Finance Officer

**Michele Cudworth** - BSc (Hons), is responsible for all things financial within the company. Her extensive skills, knowledge and experience covering many aspects of finance, including working within other International Language Schools, enhance the flair she brings to the Financial Office operations.

#### Social Media Manager

**Vincenzo Straffalaci** is our social media guru and is a trained Management Engineer with a 4 years' experience in marketing. He deals with the developing communication strategies and campaigns for social media.

#### IT Consultant

**Garry Wight** is responsible for IT at Language in Action and has 14 years' experience in the IT industry. He has spent the last 5 years working with International Language Schools. Garry ensures the internal systems and website as well as the day to day operation of the summer schools run smoothly.

## LEARNING

# Language in Action Methodology

**At Language in Action, the focus is on student interaction and authentic communication incorporating British culture combined with Trinity College GESE exam preparation together with a stimulating and varied activity programme.**

All our teachers are TEFL-trained and receive specialised professional development designed towards teaching young learners on short-term summer courses.

Our carefully developed teaching programmes are specifically aimed at improving spoken communication. While we are proud of the excellent quality of our standard courses, we are also happy to adjust them to ensure your students get the experience that best suits their needs. Language in Action's course materials are carefully selected and specifically aimed at young learners aged between 12 and 17 on short-term EFL courses, focussing on developing and improving speaking and listening skills. The lessons include topic-based coursebook units, discussions and exercises, pronunciation, British culture, vocabulary building, learner training, grammar, language games and interactive, student-centred activities.

At Language in Action, we believe that achieving a Trinity College GESE exam is a unique opportunity for students to return home with an exam qualification as well as having a positive and enjoyable summer school experience.

## LEARNING

# Our teachers and activity leaders

**Our teachers and activity leaders are an essential part of our courses and are the glue that holds the entire experience together.**

Students will receive support throughout the course and will be accompanied on excursions and social activities so that we can be on hand to enable the students to get the most out of their experience linguistically and in general.

Our courses for school groups follow a specific syllabus and include course materials so that the students benefit from structured learning and we can maintain a high quality of teaching.

# Study holiday courses for school groups

Students will be taught the necessary language in class before their excursions so that they have the chance to explore everything the UK's top cities have to offer and to interact with other international students and native English speakers through our activity programme, as they explore the local environment.

Students won't simply go shopping but rather be encouraged to use key English structures learnt in class to negotiate a better price and to communicate what they need in English to the sales assistant so that they can build confidence. All activities and excursions are linked to the class syllabus but at the same time are light and engaging.

**YEAR ROUND CENTRE**

# Chalfont Campus – in the London countryside

**MIN AGE: 12**

**MAX AGE: 17**

**Our Chalfont campus is ideally located in the beautiful London countryside.**

**We offer group courses all year round, with capacity for over 900 students.**

**The campus is just 20 minutes from Heathrow and 40 minutes from central London by car.**

## **YEAR ROUND CENTRE** CHALFONT CAMPUS

### **The Neighbourhood**

The campus is close to the village of Chalfont St Giles in Buckinghamshire which borders London, making it ideal for groups of young learners looking to experience English life in a safe environment. The centre is set in 80 acres of beautiful parkland which has amazing wildlife including deer and parakeets.

## **The Accommodation**

### **Twin (and some Triple) en-suites**

Located in the St Giles Residence, our en-suites are twin or triple rooms in an apartment. Each apartment features 4 or 5 bedrooms, a shared common room (usually equipped with a washer/drier and fridge), and a bathroom with shower, toilet and wash basin in each bedroom. The rooms are equipped with two single beds, or one single bed and one set of bunk beds, bed linen and clothes storage.

## **YEAR ROUND CENTRE CHALFONT CAMPUS**

### **The Food**

We offer full board accommodation and a continental breakfast is served daily as well as lunch and dinner in the campus canteen. The food is a mixture of typical British dishes and international cuisine with a vegetarian option and a provision for allergies.

## **The School**

Classes take place on the same campus as the accommodation. The Academic facilities include 40 large classrooms, spacious common rooms and a 100-seat lecture theatre which is used for inductions and graduations. The centre also has performance facilities such as the 240-seat Academy Theatre which is used for weekly student talent shows.

For campus leisure activities, students can use a range of indoor activity spaces such as an indoor sports hall, a disco room, the Apple café which serves drinks and snacks as well as 4 full-size football pitches and 3 tennis courts, making it the ideal environment for socialising, making new friends and practising their speaking skills in action.

## The Activities

The Language in Action activity programme is focused on students using their English skills in action in a safe, supportive environment. Students will be encouraged to perform on stage, work together in teams and to explore the local surroundings. We offer a range of full-day and half-day excursions which include walking cultural tours. The academic programme is then tailored so that the students are given the English they need to make the most of the tours and encouraged to participate in challenges that motivate them to interact with their environment in a fun way.
